

La Vida Felicidad Annual Adopt a Family Program

- Donors are matched with family based on their preference (small/large family or individual)
- No minimum or maximum required to spend
- We provide you some information about the family you will be adopting and a Wish List of suggestions of items the family would enjoy or could benefit from.
- Donations are new and provided unwrapped. We provide supplies so families can wrap the items for their children and take part in the magic of this opportunity.
- Families are carefully selected for this program and chosen due to experiencing unforeseen circumstances or hardships.
- If you are interested in being matched with a family, please email adria@lvfnm.org. We work to collect all donations by December 15th so they can be delivered to families in time for the holidays.

La Vida has proudly been serving the community since 1983. Your contributions and support are a bright light in the work we do and truly make a difference for a special family this holiday season.
